Public invited to meeting about Pecan Bayou flood protection study

The public is invited to a meeting about flood reduction measures along Pecan Bayou, specifically Willis Creek, studied by the U.S. Army Corps of Engineers, Fort Worth District, and the City of Brownwood. The meeting begins at 6 p.m., Aug. 16, at the Adam Street Community Center in Brownwood.

At the meeting, the Corps will present the recommended plan to reduce flooding along Willis Creek, a tributary of Pecan Bayou, and will accept comments on the draft Feasibility Report and Integrated Environmental Assessment, which outlines the recommended plan.

The public can view the document at the Brownwood Public Library, 600 Carnegie Blvd., and at Brownwood City Hall, 501 Center Ave.
